CONFIRMATION

In Germany shock absorbers are not subject to ABE (General Operating License).

Indeed, shock absorbers of other manufacturers than OE have to be identical in construction and must be released for the different car models from the OE-manufacturer.

All KONI-shock absorbers (Sport-, Special-, Classic-, STR.T- and FSD-shocks) are manufactured according to these standards.

Sincerely yours

KONI B.V. Vertriebsbüro
KONI Deutschland
